

Yenko (Anger In Me)

Road 122

Everynight's the same old show
Fappin' on youporn with the speakers off

Fashion is so far from me
And from my orthopedic shoes

Level 90 in Warcraft
I will kick your ass with my wizard knight

While the girl I love is sucking
Someone's dick I'm thinking
She doesn't even know if I exist or not

Better to stay in the shadows
That act like an asshole
Only to be part of the mass

Watching me, teasing me
Well, you don't know
I stole on your mother's hot vids from the cloud

It's a kind of misanthropy
Hating everyone
They are such a bunch of monkeys

And now enough with videogames
Today it's time to kick some real asshole

Everyday's the same old shit
Pussy pass me next without even look

Yeah I smell a little bit
But I'm really good in math

Others drive new model cars
While I lose the pieces from my Hyundai

And the girl I love just told me
Stalin had your same car
You bitch, one day you will sit on cocks for money and
not for pleasure

Better to stay in the shadows
That act like an asshole
Only to be part of the mass

Watching me, teasing me
Well, you don't know
I stole on your mother's hot vids from the cloud

It's a kind of misanthropy
Hating everyone
They are such a bunch of monkeys

And now enough with videogames
Today it's time to kick some real asshole
